

Intro to the Environment

Workshop Series at Columbia Springs

Series Dates:

March 26th

April 9th

April 23rd

May 7th

All workshops are
Tuesday evenings
6:30 pm - 8:30 pm

Taught by
Grace Teigen and
Gene Wigglesworth

Join Columbia Springs for a four-part series on topics around Climate Change, led by Grace Teigen and Gene Wigglesworth.

Climate Change has become a prominent topic within our political, economic, and social institutions. Many debates often focus on the legitimacy of climate change data or how we can best remediate the issue. However, many people feel intimidated by the subject or at a loss of how to engage.

After the four sessions, you will be comfortable with the basics of how our planet works, its normal cycles and the effects humans have had. You will see many examples of things that have gone wrong and many positive, optimistic changes. You will come away empowered by not only a clear understanding of what has happened but with 100 ideas of what you and others can do!

Register online at www.columbiasprings.org/workshops.

This is a continuous series. If you register, please plan on attending all sessions.

\$10/person suggested donation for this course. Registration is limited to 25 people.

**Columbia Springs; Swift Classroom
12208 SE Evergreen Hwy, Vancouver WA**

Columbia Springs is a non-profit park and education center that relies on donations. Go to www.columbiasprings.org/donate to support our programs.
